GSA IT/Products Schedule

GSSI Solutions, Inc. is a Washington, D.C. based, SBA 8(a) certified, minority-owned small business with more than 20 years of proven expertise in delivering innovative IT and business consulting services. Our core capabilities span IT governance, project management, cybersecurity, software development, and data analytics. Over the years, GSSI has proudly served and continues to support clients such as HUD, DOE, DOL, DoD, and JAIC. We specialize in providing tailored solutions that drive efficiency, ensure regulatory compliance, and enable transformative outcomes across the public sector.

Core Competencies

- Full-Spectrum IT Cloud Consulting & Systems Engineering – Expertise in IT governance, modernization, and end-to-end systems integration for federal agencies.
- Cybersecurity & Compliance – Strong focus on safeguarding systems and ensuring adherence to federal security, privacy, and compliance standards.
- Program & Project Management – Proven ability to deliver large-scale initiatives on time and within budget, applying PMBOK™ principles and best practices.
- Data Analytics & Software Development – Advanced capabilities in leveraging analytics and custom software solutions to drive efficiency and informed decision-making.
- Training Design & Development – Specialized in designing, developing, and delivering tailored training programs, including ITIL-ITSM certification, leadership development, and workforce upskilling.
- Leadership & Advisory Services – Experienced in executive coaching, organizational strategy, and change management for government clients.
- 20+ Years of Results – A legacy of delivering innovative, client-focused solutions to HUD, DOE, DOL, DoD, JAIC, and other federal partners.

Differentiators

- Experienced Cleared Professionals – Team of highly skilled experts holding active security clearances with extensive experience in mission-critical federal environments.
- Proven Government Track Record – Over 20 years of delivering IT, cybersecurity, and program management solutions to agencies including HUD, DOE, DOL, DoD, and JAIC.
- Training & Transformation Expertise – Unique ability to combine IT solutions with tailored training programs, executive coaching, and workforce development to drive lasting organizational change.
